

Maged Wassim leads the Services provided by IBM in the Public Sector in the Middle East, Egypt and Pakistan. His focus has been on helping local and central Government clients with the development of their strategic blueprint and implementation of business as well and IT initiatives. He consulted in areas of government reform and transformation, redefining business process to improve efficiency and effectiveness and in defining requirements for innovative IT solutions. Maged has a special focus on eGovernment strategy and implementation. Maged has been working with IBM for 10 years, he holds a degree in Mechanical Engineering and a MSc in Advanced Operations Management from Brunel University in London.
